

SEVEN HARBORS NEWS

Please join us at our August Meeting! To gather Nominations for the 2016/2017 Board Positions

Dear Neighbors,

Thursday, August 18th at 7pm at the **VFW Hall** will be our General Membership Meeting where we ask for nominations for 2016/2017 Board Positions.

This meeting is very important as individuals will be nominated for your 2016/17 board. We encourage members to step up and participate to be on the board as we are in need of volunteers to fill positions. Looking for resident participation from west of Duck Lake Road to keep us informed of the needs there.

We live in an amazing community and every one of us has a part in the operations and upkeep. Please don't be intimidated to step up as currently there is a dedicated and genuine group of neighbors already serving who will help support you in any position that you may choose to serve.

7-harbors.com has a detail list of job description for all of the positions. If you are interest and need more information please feel free to call any board member.

Respectfully,
7-Harbors Board

Beaches & Boat Launches – Following the rules

Please note the rules at the Beaches and Boat Launches. Be sure when you are done you lock the gates behind you. Parking at the Beach gate is not allowed. Cars left there will be towed at owner's expense. Let's keep our beaches clean for all to enjoy and pick up after ourselves.

2016 Bike Parade – another big success!!!

This years' bike parade was another great success. Thank you to everyone that donated extra funds when mailing in their membership fees in support of this event. Many thanks to the countless volunteers at the picnic as well. **We also want to send out a special Thank You to Danielle Pierce who has put the event on for many years and the reason it has become so successful.** Danielle did state this was her last year to coordinate this event. We will be looking for someone to volunteer to take on this event for next and future years. Also we couldn't have done it with out our community and neighbor businesses that continue to support us.

WATCH YOUR SPEED

Slow down the Speed 

Speed limit through the neighborhood is 15 MPH

We have had many complaints of excessive speed on our streets. Please slow it down.

The Children, So Precious, So Fragile

THE CHILDREN, they are the sweetest part of our neighborhood. I love seeing them walking to the corner store on a lazy evening. They belong to all of us. They are us, when we were young. They are so precious; we cannot imagine our neighborhood without them.

Then, so fast, they come around the corner. In their go cart. In their golf cart. No parent in sight. Clearly illegal but that is not the point. The point is they almost perished even though you were driving safely, within the speed limit. Your heart is in your throat. You nearly took their life.

Children have no business being behind the wheel on our streets even in a go cart or a golf cart. Their brains have not yet matured to the point that they can make the quick response decisions needed for driving, even in the protected environment of our sweet community. They are so fragile and we need them here, without injury, without impairment.

Don't let your children take out the go cart or golf cart on the roads of our neighborhood. If you see a child driving a go cart or golf cart in our neighborhood, take a picture and send it to our Facebook page. Don't let this continue. They are so sweet and we cannot imagine life without them.

Use of Out Lots . . .

Anyone using our out lots for any construction, storage of materials, vehicles or special event must request permission and approval from the Association. These out lots are used by many members to enjoy the lake. There are rules that need to be followed to keep all safe.

SEVEN HARBORS: WHERE THE WOMEN ARE STRONG AND THE MEN ARE GOOD LOOKING

SEVEN HARBORS is the sweet small town community you imagined in your dreams. Now you actually get to live here.

Part of what makes it sweet is the association. When Alexis De Tocqueville was exploring America in the early 1800's, he marveled at the propensity of people to form associations for anything and everything. He found that these associations are more nimble at orchestrating social and cultural life than government could ever be. A government, even when it does not want to, dictates rules and sentiments when it should, at most, be suggesting guidelines.

In Seven Harbors, we are as close to the perfect balance as you can get. We own the roads, beaches and out lots. The government does not own our roads. The essential function of the association is the maintenance of the roads and common areas. We get the job done ourselves in a cost effective collaborative way.

Although we are your neighbors who volunteer our time we perform the functions that management companies perform. We enjoy the community spirit that arises out of activities organized for the benefit of our neighborhood. These activities are primarily funded through donations of good willed people in the community. For example, the bike parade and picnic is a favorite of one of your neighbors, who contributed \$550 to make sure it takes place and is successful.

So pat yourself on the back for making the wise choice to live in Seven Harbors. I have lived in other neighborhoods and none have come close to the good neighbors and collegial spirit of this neighborhood.
